

**STREET GRACE™**

**Shanita Hart**  
**Project Manager, TI**

Shanita Hart serves as Project Manager for Transaction Intercept. She has always been passionate about helping women and children who are experiencing trauma. Having a background in childcare and the medical field she knew she was purposed to do more in the community after joining a small group at Victory World Church where God led her to Street Grace. While pursuing a bachelor's degree in Crisis Counseling with Liberty University her heart yearns to make a difference and be a voice for those who have been silenced, to take a stand and provide a glimmer of hope to show there is a light at the end of the tunnel through God and faith. Her role with Street Grace allows her to be able to assist in intercepting transactions of those seeking to abuse minors. In this work Shanita remembers to keep God first and the purpose of the vision of Street Grace which is "A world where all children are free from sexual exploitation".

**About Street Grace:**

Street Grace is a faith-based organization that utilizes evidence-based demand reduction strategies to eradicate the Commercial Sexual Exploitation of Children (CSEC) through **prevention, protection, policy, and pursuit.**

CSEC is any sexual activity involving a minor for which something of value is given or promised.
